

DrosAfrica WORKSHOP

12th-14th 2020
October Online

**DROSOPHILA: A SIMPLE BUT POWERFUL
MODEL FOR BIOMEDICAL RESEARCH**

Virtual Workshop

Introduction to Drosophila genetics and development • Drosophila as model system to study human diseases • Nutrition • Cancer • Cell Division • Neurodegeneration • Alzheimer's disease • Toxicology • Gut development • Microbiota • Cell competition • Aging • Career advise

Dr Amos Abolaji
(Ibadan, Nigeria)

Prof Mahmoud Abdel-Aty
(Giza, Egypt)

Dr Aissette Baanannou
(Sfax, Tunisia)

Dr Hammed Badmos
(Liverpool, UK)

Dr Mónica Bettencourt-Dias
(Oeiras, Portugal)

Dr Nichole Broderick
(Baltimore, USA)

Dr Julia Cordero
(Glasgow, UK)

Dr Adam Dobson
(Glasgow, UK)

Prof Cayetano González
(Barcelona, Spain)

Prof Linda Partridge
(London, UK)

Prof Eugenia Piddini
(Bristol, UK)

Dr Carlos Ribeiro
(Lisbon, Portugal)

Prof Mohamed L. Salem
(Tanta, Egypt)

Dr Laura Towart
(London, UK)

Sponsored by:

University
of Glasgow
